THE AMEN AFFILIATED EDUCATION CENTER IS A DREAM COME TRUE. . . .

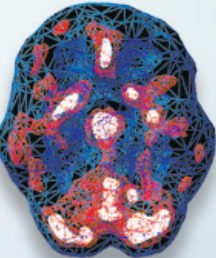

Healthy

Healthy

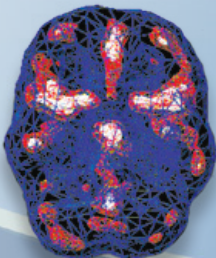

Brain Trauma

PTSD

Alzheimers

Autism

"I hope you join the team of professionals, such as my self . . . in the first major paradigm shift in the fields of psychiatry and psychology to occur in over 100 years! I and the health-care professionals associated with me have greatly benefited from being intimately involved in the application of neuroscience to everyday practice from being able to learn from Dr. Amen and his staff."

**– Dr. Earl Henslin,
Brea, CA**

"What I appreciate most about being an Amen E-center is that it brings quality resources, services and products to our clients with ease. Countless folks in our care have benefitted from the help we are able to provide with the assistance of the Amen Clinics and Dr. Amen's hard work...and that includes everything from those struggling with depression and anxiety to compulsivity and marital issues. My team and I also benefit as health care providers from the positive association and name-recognition that Daniel and his fine organization bring!"

**– Jayson Graves, M. MFT
Colorado**

"What I have found remarkable and refreshing with the Amen Clinic's Education Center Affiliated Program, is their willingness to work as a team in providing quality health care for those who struggle with anything from drugs and/or alcohol, anger rage, anxiety/depression issues to eating disorders or just general health care and lifestyle issues. On a personal note, working with a difficult population from drug and alcohol treatment to court mandated legal offenders has been a joy, through Daniel's neuro-scientific approach, to provide answers to those who had none, direction to the lost, and hope to the hopeless. As simple as it sounds the principle of "if your brain works better so will you" has turned the lives around of the hundreds of patients I've worked with over the last few years. One SPECT Scan image is worth weeks of persuasion and debate..."

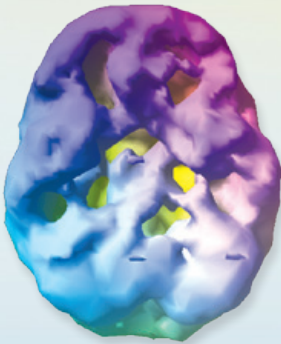

**– Jack Felton M.A. MFT
Anaheim, CA**

Imagine . . .

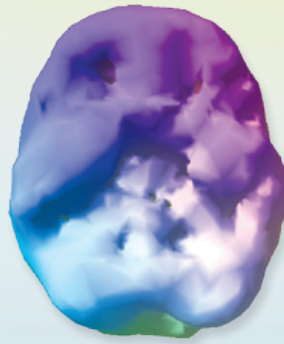

HAVING ACCESS TO INNOVATIVE SOLUTIONS FOR BRAIN HEALTH WITH THE POWER TO CHANGE LIVES.

Let's Work Together To Promote Healthy Brains!

I have now looked at over 70,000 brain scans, and with each one I find further evidence that the brain is involved in everything we do. When the brain works right, you work right; when the brain is troubled, you are much more likely to have trouble in your life. In my practice every day I see living proof that by focusing on brain health, knowing about the health of individual brains by getting them properly tested, developing the best brain habits, taking targeted brain healthy supplements, and getting the correct support and encouragement, patients can change their brains, change their bodies, and indeed, change their lives.

ADD Patient Before Treatment

ADD Patient After Treatment

OUR CONCEPT:

I created the Amen Affiliated Education Center (AAEC) to authorize a select group of brain-health practitioners to use the resources of Amen Clinics to educate, assess, and motivate patients struggling with brain-based difficulties. Now there is new hope for individuals with a wide range of disorders, such as anxiety, depression, memory problems, learning struggles, weight issues, addiction, ADD, and cravings. Our clinically proven methodologies are also effective with people who just want to enjoy optimal brain functioning.

AAEC-trained and approved practitioners will be in a position to help new patients and provide aftercare to the numerous patients who visit Amen Clinics for complete evaluations, including brain SPECT scans, and then seek professionals in their local area for follow-up treatment. They will have exclusive access to a therapeutic regimen that incorporates the tools, methods, and products that are central to the success of Amen Clinics. I hope you will consider becoming an AAEC Affiliate who will work with me to help individuals experience the rewards of a healthier brain.

To Your Brain Health!

Daniel G. Amen, MD

OUR PROGRAM

Based on my brain imaging work with tens of thousands of patients from 90 different countries, I have developed a simple, personalized program to assist you in changing your clients' brains and lives. Our goal is to build relationships with a select group of professionals who we will train and then provide exclusive access to partnership benefits. AAEC affiliates will be able to use our clinically developed tools to facilitate an individualized, brain-focused solution that combines personal assessment, brain-health education, and a targeted plan using our premier dietary supplements. Thousands of medical and mental health professionals around the world already use our materials in the assessment and treatment planning process for their patients. Now, AAEC provides a comprehensive, coordinated program to focus and strengthen the activities of affiliated professionals.

THE AAEC PROGRAM INCLUDES:

SPECIALIZED TRAINING

As part of your training, we recommend that you send several of your patients to us to scan so we can teach you how to better assist complex cases which have not been successfully treated with standard intervention. Our scan evaluation once performed will then help you help the patient better implement our recommendations. With this understanding you will be in the best position to help the patient implement the important suggestions addressing their particular brain type.

REFERRALS

With the rapidly growing national and international exposure and reputation of our work, we have found it necessary to build a large referral network to help us care for the thousands of people who return home from our clinics only to find there are few brain-health trained providers available to work with them. By joining our team you can help facilitate brain-health follow-up care for those patients. As an AAEC Affiliate you will be on our worldwide referral list, which reaches millions of people nationally and internationally each year. In addition, when you have complex cases you can refer them to an Amen Clinic for more in-depth evaluation. Together, our professional relationship can improve the lives of your patients.

MINDWORKS ONLINE STORE

You will be able to put a link on your web site to The Amen Solution Website's Mindworks store. This makes it more convenient for you to recommend our books, tapes, and dietary supplements to your patients as part of their treatment regimen. We have found that teaching patients about their disorder can facilitate their recovery. And our proprietary dietary supplements are proven to provide targeted nutritional support for brains facing all types of challenges. You will receive a commission on all sales (this may be waived should you not want it to appear that there is a conflict of interest).

THE AMEN SOLUTION ONLINE COMMUNITY

Your patients will be granted a reduced rate for monthly membership to The Amen Solution (TAS) Website (www.theamensolution.com). This enables you to offer TAS to your patients who can use its many unique features as an adjunct to their therapeutic regimen. TAS provides a virtual Brain Gym, nutritional support tools, and other brain healthy tools developed at Amen Clinics as part of an online membership community that coaches your patients on how to live brain healthy lives so they can become thinner, smarter, and happier.

YOUR OPPORTUNITY

By becoming an AAEC Affiliate you will have access to the extensive resources of Amen Clinics, allowing you to help optimize your clients' brain function, provide support to your community, and benefit financially at the same time.

HERE ARE THE BENEFITS OF BECOMING AN AAEC

You will receive referrals to your practice of patients from Amen Clinics who are looking for brain-health practitioners in their locality

You will have preferred access for your own patients to the brain scan technology at Amen Clinics to assist you in the evaluation of complex cases

You will be able to offer The Amen Solution dietary supplements to your patients, and can receive a commission if you wish.

These supplements include (but are not limited to):

- NeuroVite Plus
- Brain and Memory Power Boost
- GABA Calming
- Serotonin Mood Solution
- Craving Control
- Omega-3 Power
- Focus and Energy Solution
- SAME Mood Support
- Restful Sleep

YOU CAN START CREATING BRAIN HEALTHY CLIENTS TODAY!

- Partner with Dr. Amen, America's leading expert on brain healthy living
- Provide clinically proven educational tools and dietary supplements
- As part of the Affiliate program fee you will receive a kit with brain-healthy training materials and clinical tools for use in your practice and with your patients.
